NO DEVELOPMENTS

Chinese Situation Awaiting a Further Diplomatic Agreement.

EUROPEAN RUMORS RIFE

Our Government, However, Has No Official Advice Regarding the Authenticity of the Same.

Germany Is Reported to Have Retired From Her Present Untenable Position.

Washington, Sept. 29.—The state department has not been advised officially of any of the events of more or less importance which are said to have occurred in China according to various European reports within the past 24 hours. If T'uan has been degraded and if Russia contemplates a blockade of the Chinese naval ports, the department does not know the facts. It has let it be known to the Chinese government that T'uan's promotion would be unwelcome to this government, but it has not yet been informed of the results of that representation. Respecting the statement that China has been discovered to be a contributor to the Boxer cause, it is said that all the information that the department has been able to secure touching China's personality went to show his unvarying friendliness for the foreigners and up to that record he was accepted as a competent envoy. The officials decline to say whether or not the instructions to Minister Conger have gone forward yet, but it is intimated that the minister is fully advised by this time as to the state department's policy. It is said, however, that no developments of importance are expected within the next two weeks at least.

GERMANY COMES DOWN

The Kaiser Retreats From an Untenable Position.

London, Sept. 29.—Apparently Germany's retreat from an untenable position has been virtually accomplished. The Paris correspondent of The Morning Post says: "An agreement on the Chinese programme has been arranged between France, Germany and Russia. It will be submitted to the other powers within a few days. The action recommended will be milder than Germany's original proposal and it is expected that all the powers will accept the programme." The Cologne Gazette, in another semi-official statement, apparently intended for consumption in the United States and England, points out the serious position resulting from Prince T'uan's ascendancy. "The continued massacres of missionaries and converts and other indications that the anti-foreign movement is directed from an influential center."

It thinks that the situation thus created "must appear intolerable even to those powers favoring a policy of indulgence and forbearance."

The Tientsin correspondent of the Standard says: "I learn that Li Hung Chang has declared that Vice Admiral Alexoff has gone to Port Arthur to avoid meeting Count Von Waldersee who was to hold a conference with him and with Vice Admiral Seymour and Sir Alfred Gaselee."

The following dispatch dated Sept. 27 has been received from Shanghai: "It is reported that Gen. Mei Kung Yi has expelled the Boxers from Shan Tung and is now following them into the province of Chi Li. Some excitement has been caused by a rumor that Chinese steamers flying the British

Facing the Future.

There comes a time to most women when they must face the future of widowhood and motherhood. What that future has in store for them depends largely upon themselves. To a healthy woman the obligations and consequences of marriage are a lasting happiness. To a woman suffering from irregularity or other ailments of the sex, marriage may prove a mockery and motherhood a misery. Where such irregularity exists Dr. Pierce's Favorite Prescription can be used with the assurance that health will be restored. It is the most reliable medicine known to medical science for the cure of diseases which affect the delicate womanly organs. "Favorite Prescription" is a non-alcoholic medicine and is also free from opium cocaine and other narcotics.

"At an early stage of married life," writes Mrs. Flora A. of Dallas, Jackson Co. Mo., "I was troubled with a drain which rendered me very weak and unfit for work of any kind. I became so thin there was nothing left of me but skin and bone. My husband became alarmed and got me a bottle of 'Favorite Prescription.' After he saw the wonderful effects of that one he got me two more, and after I used those up there was no more pain, and I began to gain in flesh very rapidly. I owe all praise to Dr. Pierce and his wonderful curative medicines."

Dr. Pierce's Medical Adviser sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for book in paper covers, or 31 stamps in cloth to Dr. R. V. Pierce, Buffalo, N. Y.

flag are conveying munitions of war from the Shanghai arsenal northward. It is reported that Russia has offered to advance money to China to pay the British loan."

The Grateful Kwang Hsu.
Shanghai, Sept. 29.—Emperor Kwang Hsu has issued an edict thanking Emperor Nicholas for his decision to withdraw the Russian troops from Peking and also announcing his own willingness to perform a memorial ceremony over the grave of Baron von Ketteler, the murdered German minister to China.

Patriotism in the Army.
Washington, Sept. 29.—Lieutenant General Miles has issued a general order intended to secure a general improvement in the moral and physical condition of the force. The order particularly directs the inculcation of patriotic principles, the celebration of national holidays by patriotic readings, strict attention to salutes, respect for the flag and attention to good martial music, and especially vocal music.

Three Prisoners Escape.
Carlinville, Ills., Sept. 29.—Three prisoners who were being conveyed by Sheriff Baird of St. Clair county, from Belleville to the reform school at Pontiac, made their escape by jumping off the train while it was running at a point just beyond the Carlinville city limits.

Fatal Gasoline Explosion.
Pittsburg, Sept. 29.—While engaged in cleaning a suit of clothes yesterday a blaze generated by the brisk application of gasoline communicated to a tub of liquid standing nearby, caused an explosion and fire resulting in the death of two persons and badly injuring two others.

TRADE REVIEW

September Closes With a Rather Better Outlook.

New York, Sept. 29.—Bradstreet's weekly trade review today says: The month of September closes with a rather better outlook in the industrial world than was apparent a week or 10 days ago. The reports as to the probability of a settlement of the anthracite coal strike which have been current for a couple of days seem to have a basis of fact and there is more than a likelihood that the most disturbing feature in the industrial situation for some time is in process of elimination. The settlement of the amalgamated wage scale in the west has already resulted in the starting of some important mills. But little significance is to be extracted from the movement of prices. Wheat has been somewhat irregular and prices shift listlessly, being about where they were at this time last week. Absence of foreign demand owing probably to larger Russian shipments coupled with higher freights, tended to unsettlement. Corn, though inactive, showed strength, presumably in small supplies of "spot" together with attempts early in the week at a "squeeze" by Chicago speculators, but later in the week receded somewhat.

Business failures in the United States number 169 as against 183 last week; 129 in this week a year ago, 106 in 1898; 180 in 1897 and 325 in 1896.

Wage Scale Settled.

Muncie, Ind., Sept. 29.—The wage conference committee of the American Flint Glass Workers' association yesterday conferred with officers of the union machine-made fruit jar manufacturers' association and settled the scale for the coming year's work. Last year's wages will be paid on the long list with some slight alterations in the rules of the factories, the workmen securing their demands. The settlement effects factories at Marion, Red Key and Muncie, Ind., Lockport, N. Y., and Elmer, N. J. All will at once begin preparations to resume work, giving employment to 3,300 hands, making 90 per cent of the fruit jars produced in the country.

Better Roads For Cuba.

Havana, Sept. 29.—Senator Villalon, secretary of public works, has submitted to Gov. Gen. Wood, the annual report of his department. It is very elaborate and records many great improvements. Among the most noticeable features in the excellent general plan for constructing roads through-out the islands. The Spanish plan was one of neglect. During the 400 years of the Spanish regime only 275 kilometers of public roads were built, as compared with 440 kilometers now actually under construction, not to mention 492 kilometers surveyed and 1,347 projected.

The Most Favored Nation.

Berlin, Sept. 29.—The Agrarian league has just begun an energetic campaign against the continuance of "the most favored nation" relations between Germany and the United States. This appears to be without the sanction of the government, for, at the offices of the Imperial secretary of the treasury, where the tariff schedules are being prepared, it is said that there is no disposition among influential government officials to disturb American rights in this respect.

A Lawyer's Rash Act.

Philadelphia, Sept. 29.—Josiah R. Adams, a prominent club man and lawyer of this city committed suicide yesterday in a fashionable hotel in the center of the city. His wife was in an adjoining room when the deed was committed. She knows of no reason for her husband's act. He had given no intimation of such an intention and left no note to show that the act was premeditated. The couple had been living at the hotel for some time.

NO SETTLEMENT

The Big Coal Strike the Subject of Many Anxious Conferences.

AGREEING ON TERMS

All Eyes Looking to New York as the Point From Which the Adjustment Will Be Made.

President Mitchell Claims a Great Victory On Behalf of His Union.

Philadelphia, Sept. 29.—The coal strike remains unsettled. Reports of conferences of mine operators and of leading officials of the coal carrying railroads are plentiful. Beyond the general statement that the principal point under discussion is the advisability or practicability of granting the mine workers a 10 per cent advance in wages, very little of the details of the meetings can be gleaned.

The operators generally express the opinion that the increase could not be granted and the operating expenses met unless there was an advance in the price of coal.

The larger operating companies, however, take rather a hesitating view of the proposition to further increase the price of anthracite, contending that the competition of bituminous coal was now too sharp. President Mitchell of the United Mine Workers is reticent on the general question of accepting a 10 per cent increase without other concessions, and declined to be interviewed on that point.

Meantime the strike leaders are continuing their efforts to induce working miners to join in the strike. Quietude prevails throughout the mine region.

All eyes are turned toward New York in expectancy of some important announcement from there.

MITCHELL TALKS

President of Mine Workers Declares a Great Victory Is Achieved.

Hazleton, Pa., Sept. 29.—Notwithstanding the rumors of settlement and of concession upon the part of the operators there is no apparent change in the great coal strike situation here. President Mitchell, speaking of the general strike situation, said: "This has been the greatest industrial contest between labor and capital in the history of America. The manner in which the men have voluntarily responded for the strike demonstrates beyond the possibility of a doubt that the conditions under which they labored so long were unbearable, that to continue working meant to surrender absolutely all hope of maintaining themselves and families as the American citizens believe they should."

"If the 10 per cent increase mentioned in the newspapers is correct, while far from satisfactory, it is the greatest victory ever achieved by organized labor, and won under the most adverse circumstances. I, of course, have nothing to say as to what action will be taken as to the acceptance or rejection of any proposition; this must be determined by the whole body of anthracite miners themselves. Our organization will not make the mistake which has wrecked many other organizations of assuming the power to determine through its officers the happiness or misery, the weal or woe of the 500,000 men, women and children dependent upon the anthracite coal industry for a livelihood."

"We take the position in this contest as we have in all others, that capital is entitled to fair compensation on honest investment, but that no institution has a legitimate right to exist which does not afford labor a sufficient rate of wages to enable those depending upon it to earn a fair living."

Soldiers No Longer Needed.

Shenandoah, Pa., Sept. 29.—Sheriff Toole held a lengthy conference with Gen. Gobin discussing the question of removing the troops. So far as can be learned the soldiers will remain until tomorrow, but how long afterward is not known. The question will be decided at a conference between Gen. Gobin and representatives of various operators in this vicinity this evening.

Will Hold Aloof.

Shamokin, Pa., Sept. 29.—When the North Franklin colliery at Trearton closed down last evening a number of men who are not on strike decided they will continue work next week, and that meantime they would hold themselves aloof from striking agitators. The latter are putting forth their best efforts to induce the men to tie up the colliery.

Fatal Georgia Duel.

Atlanta, Ga., Sept. 29.—After a quarrel which has extended over two weeks, two young men of prominent families of East Point, a suburb of Atlanta, met last evening and fought with pistols. One of them, Sheffield Harrington, was shot in four places, and the other, Walter Hudson, was wounded once. Both were fatally wounded.

A Movable Congress.

Managua, Nicaragua, Sept. 29.—The Nicaraguan congress has removed its sessions to the city of Granada where President Zelaya and the cabinet are visiting.

FORECAST OF WEATHER

Rising and Setting of the Sun and Moon.

Illinois—Showers, warmer in northern and central portions; Sunday fair.

TROUBLE BREWING

Burlington Turnpike Complications Opened Up Again.

Delphi, Ind., Sept. 29.—The county auditor has received a communication from the Burlington Turnpike company, in answer to the proposition of the board of county commissioners, to buy that part of the turnpike in this county (nine miles) at \$212 a mile. The company refuses to accept the proposition, saying that the county has assessed a valuation of \$1,000 a mile, and has been collecting taxes on that basis for years. The action of the company in rejecting the proposition puts an end to the negotiations, as the law will not permit the commissioners to offer more than the appraised value. There is fear that it may bring further demonstrations from the crowd of dynamiters along the line, who have already destroyed much of the company's property.

Youthful Burglar.

Anderson, Sept. 29.—Myron Hansen, aged 10 years, has been sentenced in the circuit court here to the reform school at Plainfield. He admitted in court to having committed 15 robberies during the summer at Frankfort. Offices and residences were robbed of goods valued at \$200. He entered a store in this city last week and was in the act of taking \$5 from the drawer when caught.

Operation May Prove Fatal.

Evansville, Ind., Sept. 29.—Captain John Gilbert, president of the old National bank of this city, who recently underwent an operation at Chicago for cancer of the neck, is in a critical condition, and his friends fear the operation will prove fatal.

Bishop Radmacher's Successor.

Indianapolis, Sept. 29.—Rev. Herman J. Aldering, rector of St. Joseph's church, has been appointed to the bishopric of Port Wayne, succeeding Bishop Radmacher, who died a year ago.

Impure Vaccine Points.

Logansport, Ind., Sept. 29.—Dorothy Peterson, 9 years old, is dead from lockjaw, the result, as claimed, of impure vaccine matter.

NATURE'S BOUNTY

Vast Fields of Pure Anthracite Coal Found in Cascade Mountains.

Valley City, N. D., Sept. 29.—Judge J. M. Dennett has just returned from the Cascade mountain district of Washington, bringing samples and news of the location of vast fields of pure anthracite coal. In company with Prof. Burch, a mineral expert of Seattle, Judge Dennett penetrated into the Cascade range, 60 miles from the railroad, and after two days of prospecting located veins showing 19 feet of coal and located 640 acres of land. He estimates the quantity in sight at 25,000,000 tons. Judge Dennett first discovered the coal on a prospecting trip in the 60's, but lost track of the location until his recent trip. He will form a company to work the veins. The samples shown are of the same quality, but lighter than the Scranton product.

An Incendiary Hanged.

Raleigh, N. C., Sept. 29.—Chauncey Davis was hanged at Turboro yesterday for burning the residence of Mrs. Lavina Eattie.

TERSE TELEGRAMS

The Windward is expected to return from the north about the end of next week. Operators admit that Senator Hanna is the central figure in the negotiations for a settlement of the coal strike.

The coal strikers are jubilant over the new turn in affairs and will gladly second any reasonable concessions by way of conciliation.

The death is announced at Newark, N. J., of John Harrison, president of the American Patent Leather company. He was 70 years of age.

A dispatch from Australia announces the shipment of \$4,000,000 in gold to San Francisco, which will ultimately become available to the New York market.

A large number of warrants have been issued to officers of the health department in New York for the arrest of persons charged with violating the smoke ordinance and burning soft coal.

A fast freight train crashed into a switch engine on the Detroit, Grand Haven and Milwaukee railroad, killing Engineer Thomas Hamilton of Detroit and Fireman John Lind of London.

Wolf Bros' bank at Centerville, Mich., was robbed of \$10,000. The thieves gained entrance through the rear of the building and blew the vault open with dynamite. There is no clue to the robbers.

The body of Jane Corrigan, the last of the six victims of the yacht fire, which foundered in Lake Erie, in July last, was recovered yesterday, being found on the beach a few miles east of Cleveland.

The current statement of the treasury balances to the general fund exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$187,245,000; gold, \$80,000,000.

The 11-year-old son of W. H. Baker, of Thomas, W. Va., who was stolen by gypsies at Peoria, Ills., seven years ago, has been found at Baltimore. He had been adopted by a family and treated as a son.

Deputy Sheriff Paul Sloan, while resting at the Detroit, Grand Haven and Milwaukee railroad, killing Engineer Thomas Hamilton of Detroit and Fireman John Lind of London.

David Brookes of Chillicothe, O., was killed by his brother Amos. The men had gone hunting and quarreled. Amos seized the gun in David's hand and fired, killing him instantly. Amos then attempted to kill himself, but was arrested.

FAR UP IN THE AIR

Female Aeronaut Carried Out of Sight and Comes Down on an Engine.

THRILLING EXPERIENCE

People at a Country Fair in Vigo County Treated to Something Not Down on the Bills.

Mrs. Woodall's Parachute Failed and She Was Carried Out of Human Sight.

Terre Haute, Ind., Sept. 29.—Mrs.

Jennie Woodall of this city, had a startling and singular experience in a balloon ascension at the Pierson fair, in this county. The balloon started upward properly, but Mrs. Woodall had difficulty in losing her parachute. Steadily the balloon and woman grew smaller in the cloudy atmosphere. There was great excitement at the fair grounds. Women fainted and men ran back and forth to get horses to go in the direction taken by the balloon.

Three miles out the engineer of a freight train saw the balloon and parachute descending ahead of him and over the track. Mrs. Woodall sitting on the trapeze, was waving her hand at him to stop, which he did as soon as possible.

The canvas of the balloon covered the smokestack. Mrs. Woodall was enveloped in the folds of the canvas in imminent danger of suffocation. She was soon extricated and was found uninjured. She says that when she found that she could not get the parachute loose she knew there was nothing to do but to sit still on the trapeze bar. She was thoroughly drenched while passing through the rain clouds, and at times she could not see two feet from her face.

SUED FOR LABEL

A Goshen Paper Questioned by a County Official.

Goshen, Ind., Sept. 29.—County Attorney and ex-Senate Senator Vail has filed a second complaint for criminal libel against W. H. Ragan and Walter S. Gard, proprietors of the Goshen Times. It is alleged that over the non de plume of "Pencemaker" The Times charged Vail with accepting a bribe of \$1,000 to compromise a criminal case against a rich farmer's son, while he (Vail) was acting as deputy prosecutor for Hon. John E. McCluskey of Lagrange county. In the same article he was charged with compromising a case against ex-Treasurer Edward A. Campbell, brought by the county, to recover overdrawn fees, in which Mr. Vail participated in a division. The article was published while Mr. Vail was making the race for a judicial nomination. The case will be called at the opening of court on Monday next.

The Kieth Trial.

Boonville, Ind., Sept. 29.—The trial of Joseph D. Keith, the alleged murderer of Nora Kieth, will begin here next Wednesday, Oct. 3. Keith is still in jail at Evansville and will not be brought here until the day of the trial. The case will consume over a week, and some of the best legal talent in this part of the state is represented on either side. Sheriff Hudson has summoned a special venire of 50 men. He expects to have a difficult time securing a jury, for the reason that so many men have expressed an opinion in the case.

Suspicious of Abduction.

Elkhart, Ind., Sept. 29.—The authorities are searching for Minnie Soper, 14 years old, daughter of a well-known farmer near this city, it being alleged that she was abducted by Otto Agelston, 24 years old, employed as a farm hand by her father. The father is almost crazed with grief, and if he finds Agelston there may be serious trouble.

Quarrel's Fatal Ending.

Terre Haute, Ind., Sept. 29.—As a result of a quarrel on the James Schees farm, near Sanford, west of this city, between George and Fred Smith on one side and a man named Howard, the latter was struck with a bar of iron and his skull was fatally crushed. One of the Smiths was placed in jail at Paris, Ills.

Shot by the Sentinel.

New Albany, Ind., Sept. 29.—Richard C. Cols of this city has been notified that his son Harvey, a member of the Tenth United States cavalry at Bayamo, Cuba, had been killed. He was confined in a guard house, and was shot by the sentinel while attempting to escape.

Forgery Is Charged.

New Albany, Ind., Sept. 29.—Edward J. Stein was arrested yesterday on a charge of forging the name of his father, Nicholas Stein, to a note for \$800, made payable to the McCormick Harvesting company, who filed the complaint. Stein has been engaged in the farm implement business.

Subject of Investigation.

Madison, Ind., Sept. 29.—The grand jury, which meets on next Monday, will investigate the mysterious death of Mrs. Harriet Baker of Chicago, which occurred two weeks ago, near Hanover.

Harrison Will Strike Camp.

Utica, N. Y., Sept. 29.—Ex-President Harrison and family, who have been at their camp in the Adirondacks all summer, will leave on Monday for their home in Indianapolis.

Death List Growing.

Galveston, Sept. 29.—Two thousand two hundred and twenty men are employed clearing the streets of debris and disposing of dead bodies from the wreckage. Thirty-one bodies were found yesterday, making a total of 2,311 so far known to have been recovered.

Commercial Traveler's Suicide.

New York, Sept. 29.—George A. August, who registered as a clothing salesman from Topeka, Kan., and who was about 35 years old, committed suicide in his room on the third floor of the Hotel George last evening by shooting himself. He had been at the hotel since Wednesday.

Brakeman Killed.

Decatur, Ills., Sept. 29.—John M. McGonigle of this city, a Walush freight train brakeman, was accidentally killed by a passing train at Knights, two miles south of this city. He was 20 years of age.

THE PROFESSOR'S ADVICE.

It Was Followed, but It Spoiled the Next Recitation.

They tell this story of a college prank the boys at Princeton played on Professor "Winky" Young, professor of astronomy. His recitations were recently held the first thing in the morning, and he had to admonish the students in his division to correct the fault of tardiness, which he claimed was increasing in a lamentable manner, and when one of the students explained that they all studied so late at night they were apt to oversleep in the morning he kindly advised them to secure alarm clocks, which he said were one of the most valuable and useful inventions.

The next day nearly every student in the class came into recitation with an alarm clock in his pocket, which by patient and united effort were set so that one would go off promptly at every successive minute of the hour. The effect can be imagined. Shortly after the first student was called to recite one of the clocks in the pocket of a boy at the other end of the room went off with a terrible clamor, and before it had finished a second in another part of the room made even a louder racket.

There was a brief interval, which the professor utilized to call up another student, but the latter was scarcely on his feet before the third clock went off. The performance was continued for half an hour or more, when the professor, who had a keen sense of humor, recognized the situation and cut short the fun by terminating the recitation. The boys explained that they had followed his advice and

REPUBLICAN POLICY.

1900:—OPEN THE MILLS.

1900:—KEEP THEM OPEN.

The attacks on Governor Roosevelt in Colorado show that the cause of the Bryan parties is growing weaker and the leaders are getting desperate.

SEYMOUR is honored by the presence of Senator Charles W. Fairbanks today. He was given a magnificent reception at the depot and at the New Lynn.

We suppose Marion Griffith told the people out at Kurtz that he voted against all anti-trust legislation proposed in congress; that he voted against the resolution for anti-trust amendment to the Constitution. His voting record is in favor of the trusts.

The people of Jackson county are prosperous. They want the present prosperity to continue. This prosperity can be continued by keeping the mills open. The republican party proposes to do things that will help keep the mills open. First, it proposes to maintain the gold standard of value. Second, it proposes to maintain broader markets. With sound money and broader markets the mills will be kept going, and with the mills going laboring men will have employment, and thereby have the means to buy the products of farm and factory. The Bryan parties offer nothing that will even tend to keep the mills open. In fact when republicans raise that question they say that is putting the dollar above the man. The republican party on the other hand believes that sound money and a chance to earn it is best for the man.

WHEN Bryan tours Indiana next week the people should take notice of his demagogical statements. His speeches haven't the ring of sincerity they had four years ago. He is continually presuming on the ignorance of the people. A sample of his demagoguery is his repeated question as to why the republicans would "pull down the flag in Pekin." When he asks this question he of course presumes that the people do not know that the flag in Pekin does not represent American sovereignty. We do not own China nor any part of it. The flag is there only as it is carried by our troops who have gone there to protect our minister from violence. On the other hand the flag in the Philippines represents our sovereignty. We own the islands and have owned them since they were ceded to us by the Paris treaty. We secured them at the same time and in the same way we secured Porto Rico. Bryan's comparison of the Philippines with China is demagogical and politically dishonest.

POLITICAL BREVITIES.

U. F. Lewis made an excellent speech at the McKinley Club meeting last evening, handling the issues of the campaign in a manner highly pleasing to the large audience present. The club will want to hear him again. Mr. Lewis was followed by William Durham in a few brief but pointed remarks.

A quartette of campaign singers, composed of Ed Cobb, Hal Smith, Ed Porter and Will Butler, were here from Columbus today and rendered some excellent music at the Fairbanks' meeting.

Frank Vance addressed the McKinley and Roosevelt Club at Crothersville Friday evening. Mr. Vance is a pleasing speaker and discussed the campaign issues in a clear and convincing manner. The Crothersville club now has nearly a hundred members.

Free of Charge.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at Peter's drug store, will be presented with a sample bottle of Boschee's German Syrup free of charge. Only one bottle given to one person, and none to children without order from parents.

No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only Throat and Lung Remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

IS THIS IMPERIALISM?

That no person shall be deprived of life, liberty or property without due process of law; that private property shall not be taken for public use without just compensation; that in all criminal prosecutions the accused shall enjoy the right to a speedy and public trial, to be informed of the nature and cause of the accusation, to be confronted with the witnesses against him, to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense; that excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishment inflicted; that no person shall be put twice in jeopardy for the same offense, or to be compelled in any criminal case to be a witness against himself; that the right to be secure against unreasonable searches and seizures shall not be violated; that neither slavery nor involuntary servitude shall exist, except as a punishment for crime; that no bill of attainder, or ex-post-facto law shall be passed abridging the freedom of speech or the press, or the rights of the people to peacefully assemble and petition the government for a redress of grievances; that no law shall be made respecting an establishment of religion, or prohibiting the free exercise thereof, and that the free exercise and enjoyment of religious profession and worship without discrimination or preference shall forever be allowed. —From President McKinley's Instructions to Philippine Commission.

TRUST PROPOSITIONS

Facts Showing That Bryanites Are Not Genuinely Hostile.

In a recent address Hon. William Dudley Foulke thus exposed the hypocrisy of the Bryanite outcry against trusts: "The declarations of Mr. Bryan and the Democratic party in opposition to the trusts are made more for the purpose of catching votes than on account of genuine hostility. We have the proof of this not only in the action of Democratic congressmen respecting the proposed amendment, but we have it also in the fact that many of those who are most prominent in the councils of the Democratic party are beneficiaries of the most oppressive form of trust monopoly. A trust can hardly be conceived which bears more cruelly upon the poor who have to pass the sweltering summer days in crowded tenements in New York city than a trust which makes it expensive and difficult for suffering women and children as well as for laborers to procure the necessary supply of ice during the summer months, and yet the great leaders of the New York Democracy who supported Mr. Bryan's faction of the Democratic party at Kansas City against David B. Hill are participants in this infamous trust—Mr. Croker, Mayor Van Wyck and many others who are now prominent in a party which denounces the industrial combinations to which they themselves belong. But it is not in New York alone that prominent Democrats are tarred with the same stick with which they seek to besmirch their political antagonists. In the west the increase of the coinage value of silver bullion would support one of the greatest monopolies that ever existed if it could be put into operation by Mr. Bryan. And the operation of the smelter trust, a corporation that includes all the plants for working silver ores in the country except those controlled by Senator Clark and the Guggenheims, contains among the holders of its securities such men as ex-Governor Grant, Senator Teller and other leaders of the forces supporting Mr. Bryan, and so powerful has been their influence that they have choked off every effort in the Colorado legislature to enact anti-trust laws. Then there is the cotton baling monopoly organized in Wall street, in which Senator Jones is a shareholder. And if you could go through the records of the great trusts you would find that a considerable number of their stockholders and managers are prominent in the Democratic party. Mr. Bryan in his article in the North American Review a few months ago stated that the trust magnates have now all left the Democratic party. That statement was a little premature."

"Giant Despair."

George Alfred Townsend ("Gat") is not an admirer of the president, but he pictures Mr. Bryan as "Giant Despair," shaking dead men's bones at pilgrims at \$500 an hour and calling contemporary times nicknames from the corner of his cement-tipped mouth.

Does He Forget?

Red shirtism in North Carolina and Goebellism in Kentucky are omitted from all of Mr. Bryan's speeches on "government without the consent of the governed."

The enemy's country is moving westward much faster than the center of population. In four years it has gone from New York to Indiana, and by the end of this year even Nebraska will become the enemy of political fads.

GOVERNOR TAYLOR COMING.

Will Speak at the Opera House Oct. 3 at 7:30 p. m.

Governor W. S. Taylor, of Kentucky, will speak at Seymour next Wednesday evening at 7:30. This meeting will be at the opera house. Don't forget it.

Governor Taylor is a splendid speaker and a thorough republican. Hear him next Wednesday night.

Hessian Fly Again.

SOME weeks ago I contributed an article on Hessian fly and how to combat it, to your valuable paper. My interest in this matter was all the more intense from the fact that I am vitally interested in wheat raising as a means of securing an income from my farm, wheat being the only cereal that is "really cash" so soon as taken from the field. I think it safe to say at date of this writing, that not less than twenty thousand acres of wheat have been sown in Jackson county. I made a short tour of the fields yesterday afternoon, and find that the fly has attacked the wheat more virulently than last fall so that it may be safely "set down" that all wheat sown previous to September 26, is doomed to absolute failure unless turned under about 10th of October, and resown.

Twenty thousand acres if sown right would have represented an income of at least nine dollars per acre in spring of 1901, or a total of \$180,000. Can such a loss be sustained by Jackson county without serious detriment to its welfare? These are cold facts, and if the farmers do not seize the only chance now remaining for redemption, there is bound to be a bitter experience within the next twelve months. Resowing the fields without turning the ground will not avail. The virulence of the attack may be reckoned by the fact that every stalk examined had from three to fifteen eggs, though it was barely through the soil.

Respectfully,

E. P. McCASLIN.

Seymour, Sept. 29, 1900.

Freemont Voters.

Though it has been forty-four years since John C. Freemont was a candidate for the presidency, a few of the men who supported him are still living in this community. Following are the names so far reported to the REPUBLICAN:

Peter Plater, Benjamin F. McCann, Travis Carter, Paschal Carter, E. W. Blish, Daniel Dennison, Louis Schneck, A. M. Beaty, John M. Larabee, John M. Lewis, A. H. Hoover, John Oathout, D. H. Brown, A. C. Willey, C. B. Cole, George Findley, William Brewer, Jas. H. Rucker.

The REPUBLICAN will be pleased to have a complete list of these veteran republicans.

Pleasantly Surprised.

Last night about thirty of the friends of Mrs. Lulu Adams gathered at her home and gave her a pleasant surprise. She was presented with a handsome china dinner set. Refreshments were served and a pleasant evening was spent.

The Ladies.

The pleasant effect and perfect safety with which ladies may use Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package. For sale by all druggists.

One of Our Tourists.

Dayton, Ohio, March 27, '98. F. L. Shinkle, Esq. Dear Sir—Will you please send me a bottle of your Dyspepsia Remedy to Hartford City, Ind., right away. I don't want to be without it. As I wrote you, it is helping me. Send care of the New Hotel unless some druggists keep it there. J. K. CHAPMAN, With Reynolds & Reynolds. For sale by W. F. Peter's.

Special Train Service.

October 5th, B. & O. S-W. will run a special train to Washington, Ind., leaving Seymour at 7:30 a. m. Returning will leave Washington at 11 p. m., same day. One fare for the round trip.

J. S. MILLS, Agent.

"What's the Time."

A booklet with this title, just published by the Chicago, Milwaukee & St. Paul Railway, should not only be in the hands of every traveler, but should have a place on the desk of every banker, merchant or other business man.

The four "Time Standards" which govern our entire time system and which are more or less familiar to most of the traveling public, but by many others little understood, are so fully explained and illustrated by a series of charts, diagrams and tables that any one who chooses can become conversant with the subject in question. There are also some twenty-four tables by which almost at a glance, the time at any place be given, the hour and day of the week can be ascertained in all the principal cities of the world.

A copy of the pamphlet may be had on application to Gen. H. Heafford, General Passenger Agent, Chicago, enclosing two-cent stamp to pay postage.

BUCHANAN, MICH., May 22.

Genesee Pure Food Co., LeRoy, N. Y. Gentlemen:—My mamma has been a great Coffee drinker, and has found it very injurious. Having used several packages of your GRAIN-O, the drink that takes the place of coffee, she finds it much better for herself and for us children to drink. She has given up coffee drinking entirely. We use a package every week. I am ten years old.

Yours respectfully, FANNIE WILLIAMS

Michigan cabbage \$1 for 100 pounds, Hoadley's.

A REPUBLICAN DAY.

SENATOR FAIRBANKS GREETED BY A GREAT CROWD.

An Exhaustive Discussion of The Issues of the Campaign.

A Magnificent Meeting.

This has been a great republican day in Jackson county. From all parts of the county the people came to hear Senator Fairbanks discuss the issues involved in the present campaign.

Every township was well represented and the enthusiasm and earnestness manifested show that victory is in the air and that Jackson county republicans will do their full share in the impending political contest.

Senator Fairbanks arrived from Jeffersonville at 9:45 accompanied by Hon. Louis Schneck, of this city, and

CHARLES W. FAIRBANKS.

was met at the depot by quite a crowd, all anxious to greet and grasp the hand of the distinguished statesman. He was given another informal reception at the New Lynn, a large number of people calling during the morning hour.

At 1:30 this afternoon the opera house was opened and at 2 o'clock, the hour for the meeting, the large auditorium was packed to the doors. Nothing like all the people could get into the opera house. It was a magnificent audience.

Hon. O. H. Montgomery presided, introducing first the Powell-Remy quartette from Columbus composed of Messrs. Ed. Cobb, Hal Smith, Ed. Porter and Will Butler. They received a hearty encore and responded with a second number.

Mr. Montgomery introduced Senator Fairbanks in an excellent speech, paying just tribute to the distinguished speaker, who is one of the leading men in the councils of the nation and an orator whom it is always a pleasure to hear.

When Senator Fairbanks arose he was greeted by tremendous applause. He spoke for an hour and a half, reviewing the achievements of the present administration, exposing the false prophecies and false theories of the opposition.

His discussion of the issues of the campaign was clear and exhaustive, and his presentation of facts and figures to sustain his arguments showed great breadth of knowledge and a wondrous grasp of public questions. Senator Fairbanks held the closest attention of his audience throughout his speech and was frequently applauded most generously. It was a great speech and will help the cause of prosperity and good government very materially in Jackson county.

SPECIAL MENTION.

The Seymour band was out this afternoon and rendered excellent music.

The Foster band was here from Uniontown and added to the liveliness of the occasion.

A drum corps came in from Azalia and will come again before the campaign closes.

Uniontown sent in a drum corps that was both seen and heard. They made the REPUBLICAN a pleasant call.

The opera house was nicely decorated, "Old Glory" being in evidence on every side.

The boys club was out in their uniforms and were introduced to Senator Fairbanks at the hotel. They sat on the stage during the senator's speech.

PERSONALS.

William Turnail, near Wegan, is very sick with typhoid fever.

Elder G. M. Shuts, of Ewing, went to Haughville to preach Sunday.

Mrs. Anthony McGinty went to North Vernon today to visit friends.

Mrs. L. J. Eckstein went to Loogootee today to visit relatives and friends.

Fred Stunkle came home last evening from a business trip to the western part of the county.

C. W. Henry and wife and J. D. Tompkins and daughter are here from Bedford on business.

Allen Johnson and wife are here from Washington county purchasing goods and visiting friends.

Michael Turney and mother came up from Washington county on business and to hear Senator Fairbanks speak.

The Cordes Hardware Company has finished slating the residence of Gus Vondelinger on the Seymour and Brownstown road.

Charles Abel, Arizona Montgomery and Christie Albrand came home last night from a business trip to Cincinnati and Louisville.

Charles Newkirk, a prosperous farmer, of Timpico, purchased a farm wagon of the Stanfield-Carlson Hardware Company last evening.

DIED.

MCDONALD—Daniel McDonald, one of our best citizens, died Friday forenoon, September 28, at his home one mile south of the city, of paralysis, aged seventy years. Deceased was born at Charlestown and came here forty years ago. A wife and one daughter survive. Funeral at 10 o'clock Saturday in the city cemetery. Rev. J. T. Charlton conducted the religious services, deceased being a member of the Presbyterian church.

PERCOE—Mrs. Rhoda Percoe, who was traveling from Frankfort, Indiana, to Louisville in company with relatives, reached the township line south and died on the roadside this morning, of consumption, aged nineteen years. Burial in the city cemetery this afternoon.

Peaches 30c, grapes 15c per basket, Hoadley's.

Pickled pork, new sorghum, at Reynolds'.

The Lane that Had No Turning will begin in The Saturday Evening Post for September 29, and run through five numbers.

There will be a game of base ball tomorrow afternoon at 2:30 between the Reds and colored nine on West S and Con street.

The father of Rev. Herman J. Alering, who has been appointed Bishop at the Ft. Wayne diocese by the Pope at Rome, lived in Seymour some years ago. He was a tailor and worked at his trade here. His shop was on South Chestnut street.

Nathan Kaufman telephoned Manager Rooney this morning from Columbus that "The Night Before Christmas" played at Columbus last night and it is A 1 in every respect. If you want to see a first class pastoral play, don't miss it at the opera house tonight.

The old Rosenfield stand will be occupied by the Ideal Dry Goods Co., with a line of dry goods, notions, ladies and gents furnishing goods, on Saturday, October 7. Watch for the opening.

Jacob Shultheis was sixty years old yesterday and in the evening many of his neighbors met at his home and gave him a surprise. Refreshments were served. He received many valuable presents.

Plenty of Room.

E. B. Widger in the Columbus Times, says, in reply to a current item that there will be only standing room for the earth's population in the year 3100.

A few figures based on our present population and the amount of "standing room" in this world will show the absurdity of such calculations. The present population of the world, according to the Chicago Daily News Almanac, is 1,479,729,400. From Adam, in Eden, to the present day, in round numbers, is 6,000 years. Counting thirty years to a generation there have been 200 generations of men in this world. Beginning with Adam, the first man, and making no allowance for the flood in the days of Noah, or for diseases, wars or famines, and give to every generation the same population as the present and you would have 1,479,729,400 and 200 generations, which would give 295,945,880,000 inhabitants from the beginning of the world to the present time. How much "standing room" will it take for the vast multitude? A square yard is a nple room for one person. The state of Texas has 262,291 miles. There is in one square mile 3,097,600 square yards, and multiplied by the 262,291 square miles will give 812,473,601,600 square yards in the state of Texas. Giving each person, according to the above count, one square yard and Texas alone will furnish "standing room" for all the generations of the past, and have 516,527,721,600 square yards left to rattle around in, double the amount already occupied.

One thousand years hence and Texas will still be able to give a square yard to each one living.

Entertained Her Classmates.

Miss Alma Glasson entertained her classmates, the junior class of the high school, last evening at the home of her uncle, George Murray, on Indianapolis avenue. The evening was pleasantly spent. The following program was rendered:

Goldie Mitchell.....Declamation
Katie Price.....Solo
Agnes Hoffman.....Declamation
Matie Wilson.....Solo

Pertinent Points.

Familiarity with advertising breeds respect.

Some children thrive better than others—advertisers too.

Sledgehammer blows are necessary sometimes, but a delicate, skillful hand at others. It is the knowing "how" in advertising.

Some advertising plans are built on sand—others on rock.

Beware of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Company, Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c. per bottle.

Hall's Family Pills are the best.

FOR SALE—Grocery and Meat Market; well established business; good opportunity. Stock and fixtures about \$2,500. Address,

A. N. BLESSING, Trustee.

Columbus, Ind.

The election law of the state of Indiana requires a man to live in the township sixty days and in the precinct thirty days prior to the election to be entitled to vote. As the election will come on the sixth of November any one who now moves across the township line will lose his vote; and any one who moves across his precinct line after the sixth of October will lose his vote.

Everybody is Sick!

Sometime or other. When it comes your time to send for the doctor, remember that it will greatly assist him in getting prompt results from his prescriptions in your case if they are properly filled. We are always prepared for prescription work and use
